**dexcom ONE**

\*When filling prescriptions for sensors, please note that Dexcom ONE transmitters are only required by the patient every 3 months. Patients start to be notified of the transmitter battery life 3 weeks prior to needing a replacement and should ask their GP to add Dexcom ONE transmitter to their repeat prescriptions list.

†System kits will continue to be supplied free of charge for new patients at initiation. This product may be required when a patient is started remotely or needs an out of cycle prescription.

‡For a list of compatible smart devices, please visit [www.dexcom.com/compatibility](http://www.dexcom.com/compatibility). Each glucose sensor lasts up to 10 days. §from 01/03/2023.
